Navgurukul
, Software Development

Computer Science, Software Development Course, NavGurukul , Dharamshala , Himachal Pradesh

https://www.navgurukul.org/

PROJECTS

CRUD_OPREATION
crud opreation : I have created four basic functions of persistent storage in databases, which stands for Create, Read, Update, and Delete. In this project. I use (express js , mysql (data-base) , knex , jwt , npm all those things...

https://github.com/Rajakr675/Express_with_jwt_crud

Books_Laibrary
I have made a Books_Laibrary i used by Oop_Concept

https://github.com/Rajakr675/Big_Laibrary_with_Oop_Concept/blob/main/Books_lib.js

KBC
I have made KBC from python

first or all i makes this code same like kon banega crorpati in this code used by (random module) ,Loop , if-else ,list , all those thing.

https://github.com/Rajakr675/FULLY_KBC_IN_PYTHN/blob/main/KBC.py

User_Registration_Form
Registration-Form : I have created back end of registration-form with multiple APIs for users, In this project. I use (knex, express js , jwt , npm ,) etc.

https://github.com/Rajakr675/Techerudite_project/tree/master/Registration

VOLUNTEER EXPERIENCE

Navgurukul
Student Mentor.

Has to bring the newly joined students to the level of understanding as well as the responsibility of making their knowledge as per NavGurukul needs and also near a Company level.
